

Store Firearms Safely

Keep you, your family and our community safe.

Lock and limit access to firearms.

78% of firearm deaths in Washington are suicides and firearms are the leading cause of death among children and teens.

Safe storage

(locked and unloaded)

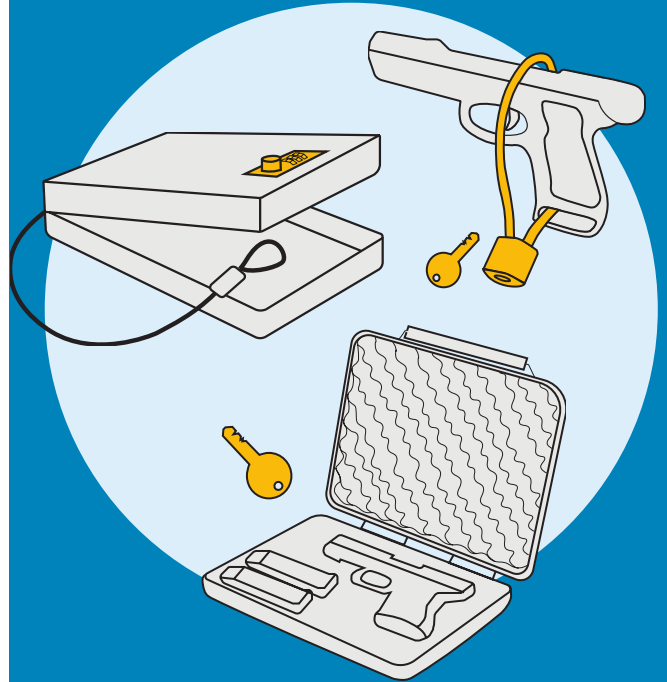

Limit access

(maintain control of keys and don't share combination)

Reach out

(if someone you know is in crisis)

Your provider may discuss firearm safety and storage with you.

Tell your care team if you want a **free locking device** today.
